Technical Report

The Colony water department will schedule their next job of painting the water tower.
Contractors may be able to remove our gear along with the city's.
Update will be given next meeting.
We will need to move it all out, wrap the shack and reinstall.
What do we want to reinstall, temporarily, and where?
Want to perhaps just relocate the 2m setup only and the city may be able to do it.
Up to 90 days the tower will be unavailable.
